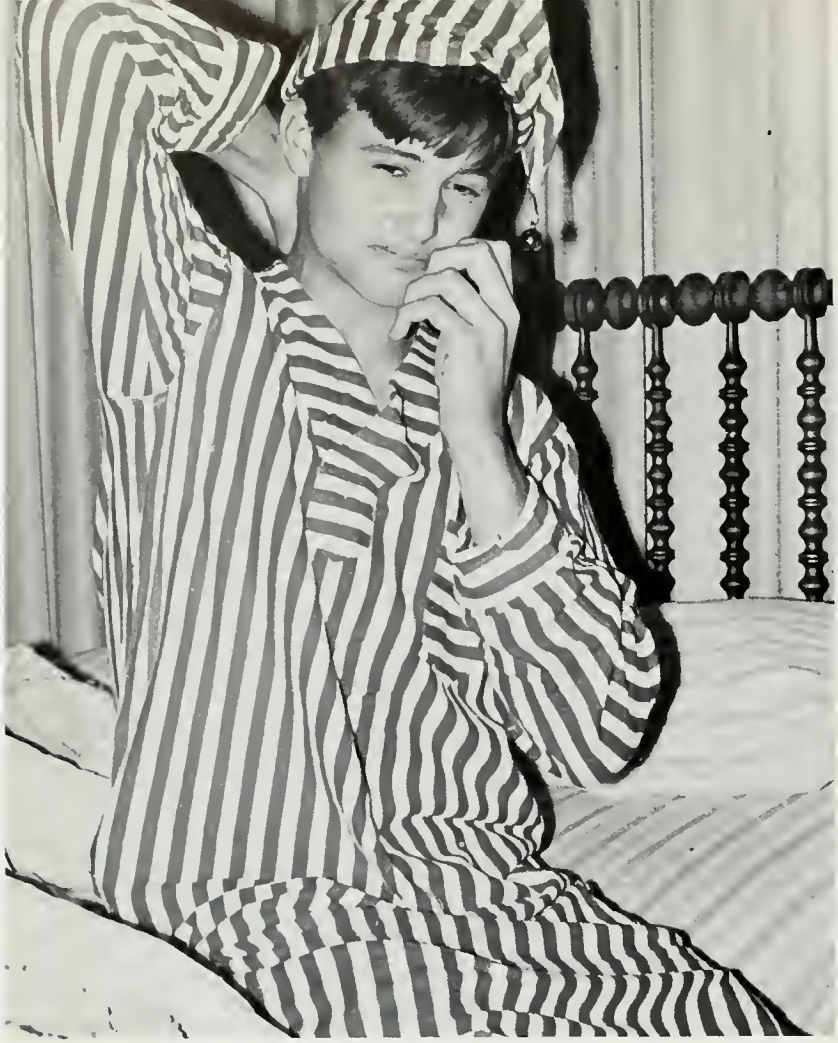
THE MIRROR 1970

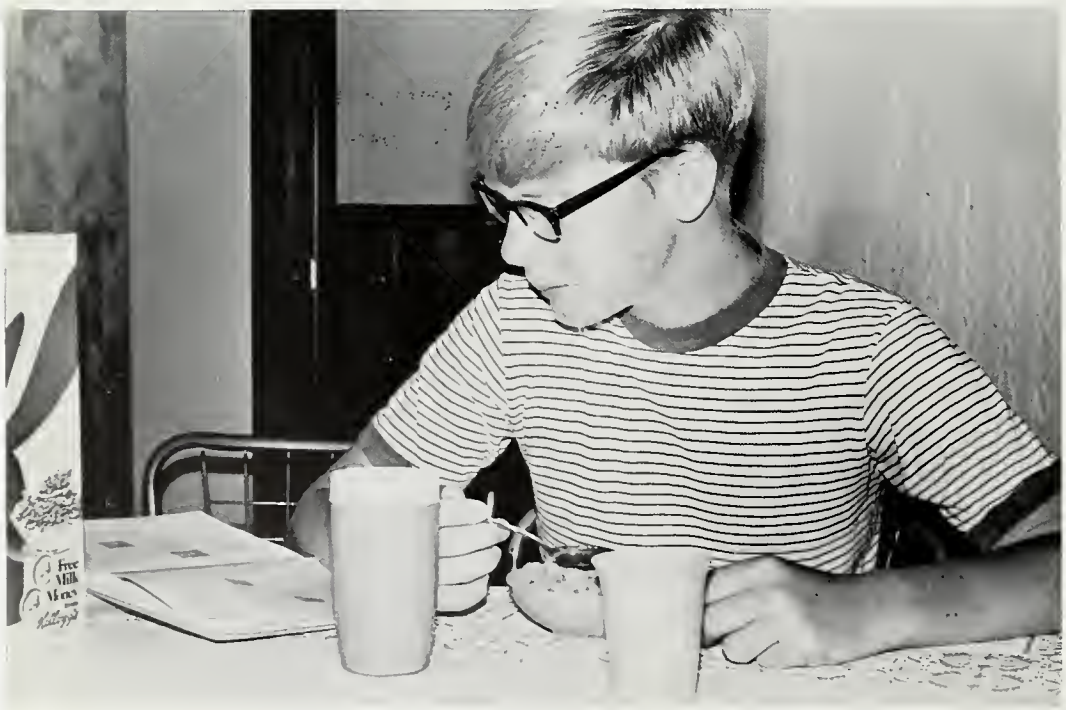
Shields Junior High School, Seymour, Indiana

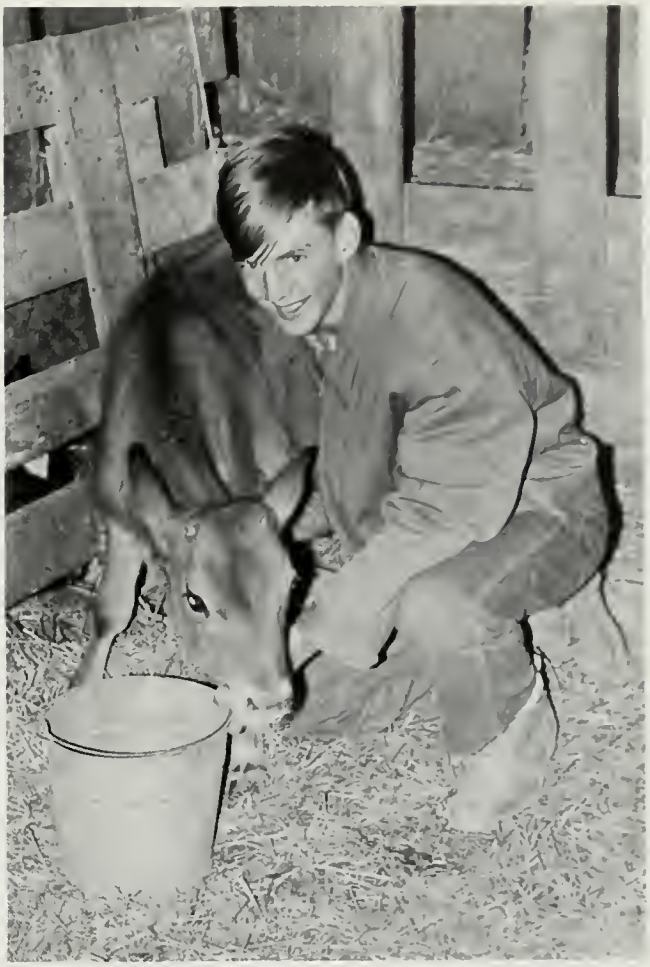
Caution! This Is Owl Country.

Turn Pages Extremely Slowly.



And in Owl Country our day begins early...

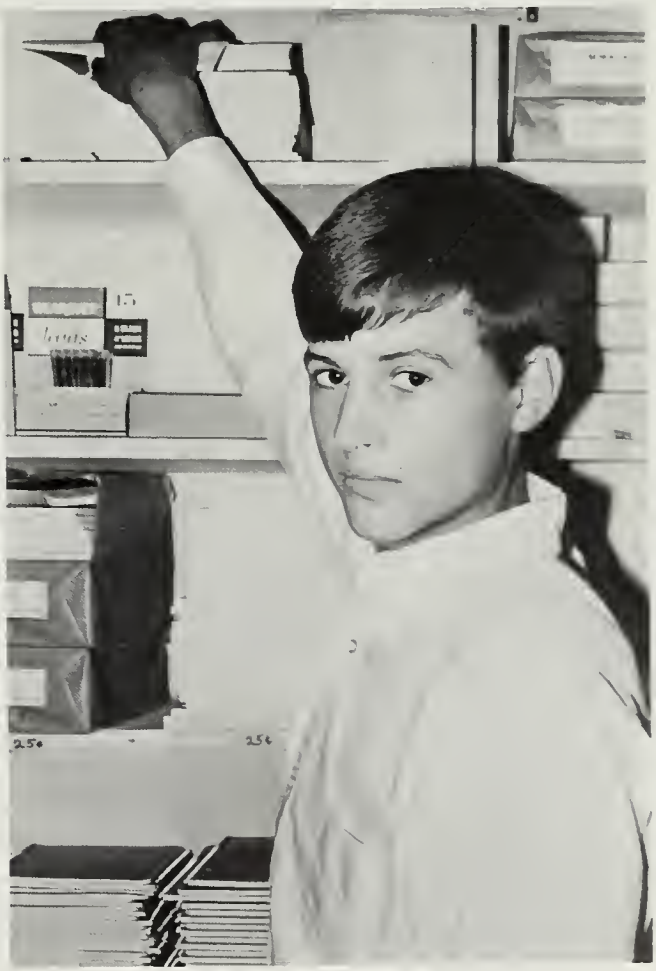




...Often with an early morning task...

SEYMOUR PUBLIC LIBRARY
SEYMOUR, INDIANA

Jobs await many of us at school...



...And so do our classes and our books...

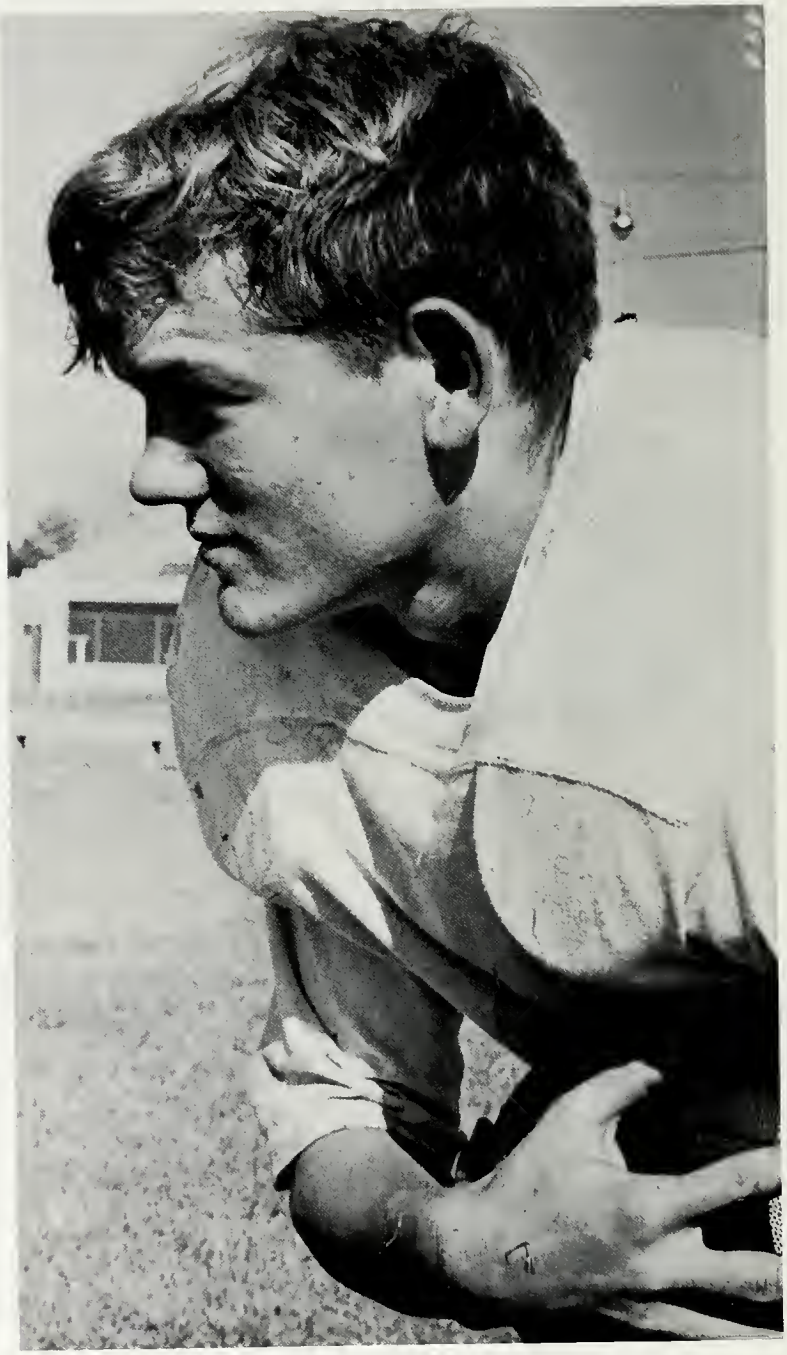
...Our teachers, instruments, and equipment...

...And our friends.

At times even Owls make mistakes...

However, we always try to correct them.

Owls like a great variety in their diet.



At 3:30 Owls fly off to individual interests...

...Which they pursue with enthusiasm.

. . . Enthusiasm that runs way into the night!

NOW

As I sit at my desk, daydreaming,
I feel the chilly light of fall coming in
through the window.
I think of the days that have passed
and those yet to come.
I see the swift movement of pencils
As my classmates work.
I hear the steady ticktock of the clock
As the hours pass
And I think of how wonderful the
miracle of now is.

. . . And think of how wonderful the miracle of NOW is . . . Yes, just think of how wonderful the miracle of NOW is. There's no time like the present. Our school days are the best days and happiest days of our lives, our parents and teachers tell us. Well, we have tried to capture that NOW, that brief, fleeting moment which was SJHS 1969-70, and have recorded it in black and white in these pages. When you turn the pages of this book next year, ten, or even twenty years from now, we hope that they will bring back memories of former classmates, friends, teachers, and activities which made the school year now coming to a close such a great one for us. You, the student, created this moment and with our help you won't forget it.

The Staff

April 15, 1970

Dear Mr. Englehardt:

Seventy, like happiness, means different things to different people. To those of us who are freshmen, for instance, it means the completion of three good years at Shields Junior High School. But to you it will always mean 1970, the year in which you decided to replace the old hickory stick with a golf club and let someone else take your place.

Seventy means that you will no longer sit behind your desk on a sweltering August afternoon deciding whether one of us is an 8-2 or an 8-7. It means that you will no longer discipline two of us for misbehavior, that you will no longer present awards on honor day, and that you will soon clean off your desk for the last time. Yes, those days are over for you, and your long career as a teacher and principal is over.

But your long career as an educator need not be over. We know that you began a long time ago--back in 1928. And in those forty-two years you have taught everything from health and physical education to history and English. For many of those years you coached basketball and baseball, golf and football. And we know that before coming to SJHS as principal in 1943 you taught and coached at North Vernon and Greenfield high schools.

We know, too, that for a time you were a member of the Indiana State Board of Education and that for several years you were president of the Indiana Association of Junior and Senior High School Principals. The South Central High School Athletic Conference used your services as secretary-treasurer for twenty-five years.

For twenty-seven Septembers, then, since 1943, you have greeted students returning to SJHS. You have seen many of us come and go, and in this crowd have been many of our older brothers and sisters and many of our parents.

However, come September 1970 when someone else will be sitting in your chair and when someone else will welcome us back to SJHS, we honestly hope that you can begin the long, happy, satisfying retirement that you deserve.

Sincerely,

The STUDENT BODY of SJHS

CHARLES H. ENGLEHARDT

"All for Seymour stand up and holler!"

By itself, 20-0 doesn't mean much of anything. But put it with Mr. Beck's freshmen Owls and it means a lot of things. Twenty wins—no losses. Power, Promise. Columbus Tourney Champs. Future Varsity Owls. In fact, the Varsity had just ended its own regular season with an identical 20-0, the longest perfect season record in Owl history. With such a shining example set for them by Rick, Stan, Larry, Baron, Dan, Richard, and others, the freshmen refused to be outdone.

It was a first in freshman history, too, and for Coach Beck. Scott Silver snatched high scoring honors with his 311 points and had individual game high of 31. Conner, Werskey, Greaves, and Schepman followed in that order with 228, 209, 174, and 79 points.

They played with a determination that lasted to the very end when it paid off. In the tourney, for example. A stubborn North team finally bowed 54-51 after a battle. Then in one of their better games they rolled easily over Central for the championship trophy.

Their formula for success? Mr. Beck really doesn't know—except "that they always played together. They were what I'd call a team. No one was ever the least bit selfish."

The White freshmen experienced a good season of their own, dropping only 3 of 14 games for a nice 11-3 record. Since for some games and for the tourney the two teams were combined, they did not play as many games. Max Borcherding and Jerry Hageman were consistent high scorers.

There was championship in the seventh grade, too. They took their tournament by storm when they squelched Columbus in the final game. Winning their last 10 games in a row, they finished with a 14-3 record—of which both they and Coach Barnett can be proud.

The eighth graders, on the other hand, played just as hard but couldn't win as many. Their 48-45 tourney loss to North was typical of too many of their games and caused them to settle for a 4-12 record. Big point-makers were Ed Jaynes with 192 points and 166 rebounds and Bill Penner with 134 and 96.

Coach Barnett's eighth grade Jets, however, made up for the losing record with their healthy 10-3 finish. John Franklin and Mike Nicholson led the way in scoring.

Here comes guard Jim Schepman, racing for a lay-up after a quick-witted steal from an Owl opponent.

Behind him is fast-moving, sharp-shootin' Scott Silver, a guard, airborne for another of his one-handed lay-ups.

Next is our big center, Jim Werskey, smooth and steady, coming off with another of the Owls' numerous rebounds.

"The starting line-up for the Seymour Owls..."

Making one of his jumpshots is forward Joe Conner, a cautious and accurate shooter who tossed in many points for the Owls' cause.

At the other forward position is strong, 6'1 Mark Greaves heftily defending Seymour's position under the basket.

Mr. Beck, one of the greatest and winningest coaches in Owl history, is seen outlining a game strategy to the Owl five.

From the gridiron: chills, thrills, hard knocks.

Ups and downs—mostly downs—that's the story of the freshman team which finished with two wins, five losses, and a tie. Not enough players, a lack of depth, and injuries to several key men hurt the team from the beginning. Despite these setbacks, however, defense did show improvement throughout the season.

The eighth grade in seven games out took three and lost four. Without the badly needed services of three men who were sidelined much of the season with injuries—Mike Sterling, Eddie Jaynes, and Mark Suminski—the team suffered.

Nor could the seventh grade show a winning season. It settled for two wins, three losses, and a tie. But, say Coaches Thomas and McClain, this team shows promise for next year.

ROW 1: Rex Wheeler, Tony Deaton, Dana Antle, Roger Stockelman, Joe Zarick, Jan Aynes. ROW 2: Coach Wintin, manager Dale Swider, Tony McKinney, Phil Rebber, Mike Scales, Jim Hickam, Tom Gallagher, Coach Hollingsworth.

Roger Stockelman, the only freshman to climb to the varsity wrestling team this year, will receive a varsity letter for his performance in the 107-pound class. Roger finished with a 4-7-0 record, all in varsity competition.

Wrestling was an outlet for eleven more freshmen athletes. Since they had no scheduled freshman meets of their own, these grapplers wrestled on the Senior High's reserve team. All of them, says Coach Wintin, performed at least once in the various weight classes, and their competition with older sophomores and juniors gave them good experience for next year's reserve, and possibly varsity, team. Mr. Wintin hopes to include a freshman schedule in an expanded wrestling program for next season.

Crossing the country with deep-breathing milers

ROW 1: Roland Freeman, Roger Mills, Gary Mory, Dennis Sterling, Scott Burton. ROW 2: Jerry Weaver, Rill Reinhart, Gary Lynch, Joe Lawton, Larry Lynch, Kevin Willman, Coach Beck. Absent: Mark McFall and Guy Robbins.

At least one thing came from the cross country team and that was improvement over last year, says Coach Mickey Beck. Winning two of its dual meets, the team placed third in both the Seymour and Columbus invitationals. Based on their performance this year, three freshmen, among others, Gary Mory, Kevin Willman, and Jerry Weaver offer promise to be varsity harriers next year.

Only a practice run, boys.

Listen, my runners, and you shall hear!

All eyes are on Scotty Silver as he breaks the wire, edging out his opponents in the 100-yard dash.

Trackmen demonstrate speed and endurance

Some outstanding individual efforts highlighted the eighth grade 1969 track season. Several teams were upset during the year in spite of inconsistent team performance. Sprinter, long-jumper, high-jumper Scotty Silver slashed the old 100-yard dash record of 11.2 seconds set by Baron Hill in 1967 to 10.7 seconds and chopped Baron's 7.0 60-yard dash to 6.8 seconds. He went on to reduce the old 220-yard record from 25.0 to 24.2 seconds in individual performances.

Now which was it—10.1 or 13.9 seconds?

Long-jumpin' Silver on his way. . . . uh, to the sand pit!

Look! We didn't drop it this time!

Wait, I can't get my shoe tied!

ACTIVITIES

"Old Glory" goes up every morning.

Selling yearbooks was fun for the staff.

Getting out of class to buy them was fun, too.

'Twas two weeks before Christmas. . . .

But putting the yearbook together meant often working at night.

Will the student body please rise?

It's m-m-m—Gallagher good!

What's her name, Jerry?

Make sure you watch the birdie!

. . . . . And so we end, then, a wonderful trip through Owl Country. And with this page the Owl's tail, and our tale, also comes to an end. With this page we breathe a sigh of relief, but we are proud to have been a part of its production. In spite of our troubles and low points, we have had fun, more or less, in putting the book together and in finally sending in the last few pages.

But we owe much to many—to you, our fellow-students, our teachers, and our principals for being so co-operative. We owe gratitude to Mrs. Dannettelle, who for as many years produced the twenty-five Mirrors that have preceded this one, for her suggestions. We want to thank Photographer Jones for making individual pictures and some group shots and the Brothers McFall who added a number of casual shots. Mr. Rohrman contributed moral support and a lot of good advice. And we are especially indebted to Mr. Lambertus who guided us through all phases of our book and who himself did a large part of our photography and darkroom work. No more need be said except "thank you".

So to those who read this now and later we hope that the 1970 Mirror recreates the feelings for you as you truly experienced them during the past year.

Pam, Mark, Paula, Scott, and
the entire Mirror staff
